Save the money.  
It's worth your time.

Take the time to invest in the safety of your work force and control your workers' compensation costs by learning new techniques and skills at the **Ohio Safety Congress & Expo from March 30 to April 1**. Also, plan to visit the **Expo Marketplace on March 31 and April 1**, where 200 service providers, safety equipment and industrial supply manufacturers, distributors and wholesalers will showcase their products and services.

This year's safety congress offers:

- Diverse programming for safety, workers' compensation and human resource personnel;
- More than 120 sessions presenting a variety of continuing education units;
- A one-stop shop for services, industrial supplies, and safety equipment and gear;
- Training for BWC's loss-prevention programs and group-rating requirements.
