Adams County Chamber of Commerce
509 East Main Street
West Union, OH 45693

Dear Ms. Swayne,

The Adams County Ohio Valley Local School District would like to provide this testimonial for the Adams County Chamber Commerce in recognition of the financial savings and community outreach services the Chamber performs.

Membership in the Chamber has provided the district with the following savings and services:

- The district was able to receive a two percent (2%) reduction/discount on our group health insurance with Anthem. On a group of our size this savings was substantial and enabled the district to continue to provide much needed services to our students such as after school tutoring.
- The district received an additional reduction/discount on our overall Workers' Compensation Membership through the Chamber's organization and sponsorship of the Adams Brown Counties Safety Council.
- The Chamber can be a valuable resource for training and a speaker as the need arises for the district.
- Community involvement and outreach is important to every school district and membership in the Chamber gives us a unique perspective into area businesses and their needs. The Chamber has always been an avid supporter of local businesses as well as local schools.

Membership and support for the Adams County Chamber of Commerce has been invaluable to the district financially as well as being the instrument that brings businesses and educators together in an effort to support and encourage community growth and prosperity.

Sincerely,

Tina K. Hageman
Treasurer
